Pre-Construction Meeting for Courthouse Roof

In attendance where Commissioner Scott Burnham, Commissioner Ron Hook Presiding Commissioner Scott Nelson, Purchasing Agent Kim Harman, Maintenance Supervisor Roger Murphy, Administrative Coordinator Amy Kendall, and Fitz Ambrozi and Mike Coffelt with Ambrozi GDS and Jeff Ellison with Ellison-Auxier Architects

Fritz Ambrozi would like to substitute DaVinci Synthetic Slate Roofing with Euro Shield Vermont Slate HP. Jeff Ellison has reviewed the material and will not approve Euro Shield Vermont Slate because it is a class C product. Jeff will only approve class A products. Fritz will not use DaVinci Synthetic Roofing. Commissioners asked Fritz to research and see if he can find Class A material he will work with and that Jeff will approve. No discussion on Pre-Construction took place at this time. Purchasing Agent Kim Hartman said that if the material is changed a change order can be done. Another option is to rebid the project and to include dome repairs.

Meeting adjourned at 10:39 am.
